

IN SOLIDARITY

Department of Sociology

Spring 2019

Hello Sociologists,

Welcome, welcome, welcome to our Spring 2018 department newsletter. We are always looking for new ways to reconnect and share with Loyola alumni and current department members. If you have any new news, old news, or just any news that you'd like to share, please send it to us. Please also feel free to share any pictures you have with us—we would love to “see” as well as “hear” from you.

As you will see in this newsletter our department is thriving and great things are afoot. Discover what our students and faculty have been up to this academic year. Check out news of recent awards and accomplishments.

In addition to receiving your news items, we look forward to hearing comments about the newsletter or your suggestions for features and articles you might like to see. In the meantime, here's to another great semester at Loyola and in the Department of Sociology.

Preparing people to lead extraordinary lives

Message from the Chair, Dr. Anne Figert

Greetings from the 4th floor of Coffey Hall. We have had a busy academic year 2018-2019 in the Department of Sociology. In addition to the day to day work of teaching our classes, conducting research and produc-

ing publications, we have hosted a number of outside speakers and events and hired a new professor for next year. Our students and faculty have participated in important events on and off campus in an effort to work for a more just society. You can see some of this effort in the pages of this newsletter.

This is my last newsletter as Chair of the department. Stay tuned for the Fall 2019 newsletter to hear from the new Chair! I will be returning to the faculty starting in July and looking forward to being a

Professor of Sociology again. In looking back over the last four years, I am grateful for the support of the faculty, staff and administration at Loyola and proud of what we have accomplished together. In my first newsletter, I indicated that “This is an exciting time for the Department of Sociology.” My optimism continues: our class enrollments are good, research production has been excellent and we have a clear sense of our mission in the department and at Loyola.

In this newsletter, you will see all that has been accomplished by our students, faculty and alumni. We continue to have a vibrant learning community at all levels. Together (as faculty, staff and students) we are the Department of Sociology at Loyola University Chicago.

As always, check us out at our departmental web page (www.luc.edu/sociology) and at our Facebook page <https://www.facebook.com/LUCsociology/>.

UNDERGRADUATE NEWS

From *Dr. Judson Everitt, Undergraduate Program Director*

Spring weather is breaking through! And Spring Break, St. Paddy's Day, and Spring Training

offer pleasant forthcoming distractions. We are in the midst of a strong academic year for our Undergraduate Program. Our seniors have commencement on their calendars just weeks away, with a number having pursued honors distinction in the course of completing their capstone theses.

Our annual Departmental Research Symposium will be in the Institute for Environmental Re-

search on Thursday, April 4th. Both our undergraduates and graduate students will be presenting on their own research projects; please make a point to drop by to hear about their projects and offer constructive feedback. A program schedule is forthcoming.

Registration for fall courses will begin on Apr 1st (no, really). We will be having two days for "Advising Open House" on Tuesday, April 2nd and Thursday, Apr 4th. Between 9am-12pm on that day, faculty will be at a table in Damen Student Center. You can stop by at any point during these windows of time to ask questions, get permissions for SOCL 365 signed, and discuss career options with faculty. Please mark your calendars and make a point to drop

by during our Advising Open House sessions!

I would also like to advise those of you early in the process of fulfilling your sociology major requirements to take a close look at our other 100-level courses, our "second tier core" courses. These courses count towards the major, are usually smaller in size than 101 sections, go more in-depth on particular substantive topics in sociology, and offer opportunities for closer faculty interaction in the context of a class. These classes cover topics of broad interest including: race and ethnicity (SOCL 122), mass media (SOCL 123), urban sociology (SOCL 125), religion & society (SOCL 145), sex and gender (SOCL 171).

Undergraduate *Social Justice*

Carolyn Dickey, Gannon Scholar, Activist

Carolyn Dickey, a freshman Sociology Major from Leawood, Kansas is active on campus as a Gannon Scholar. The Gannon Scholars Leadership Program is a four-year progressive program that engages students in the development of leadership, service, and research. We are a support system and peer community for personal growth, academic excellence, and commitment to social justice.

Each year, only 10 incoming first-year undergraduate students are selected to participate in the Gannon Scholars Program.

Carolyn's application essay for the program (see below) details her activism in high school and her commitment to social justice.

"In the past year, I have spent a great deal of time angry. Angry at the news. Angry at the government. Angry at those who have abused their power. I have actively chosen to turn my anger into action . . . We started the meeting with an idea and left with a movement. This April, which is National Sexual Assault Awareness Month, we will be leading an initiative at our school called "Awareness in April." This program will consist of assemblies, fundraisers and dialogues, all with the purpose of educating, empowering and enlightening the 425 intelligent, young women who make up our student body. We will be partnering with M.O.S.C.A., Metropolitan Organization to Counter Sexual Assault, a local Kansas City not-for-profit, to advise us how to approach this corrosive pandemic that is sexual assault."

Graduate Report

From Dr. Marilyn Krogh, Graduate Program Director

We have lots of good news! In April, five Ph.D. students—**Catherine Gillis, Steve Sacco, Serhan Tanriverdi, Cameron Williams, and Kyle Wooley**-- will be defending their dissertations. The date and time of their defenses will be announced on email, and all are

invited to these hearings. Come cheer your classmates over the finish line. **Cameron Williams** has already accepted a position at Northern Kentucky University, and we expect good things for each of them as they look forward to their life after Loyola.

Congratulations to **Lynsey Ellingwood**, who was awarded *the Research Experience for Master's Students Fellowship* for Spring 2019. As an intern at Cabrini-Green Legal Aid, Lynsey is organizing and analyzing data on the effects of record expungement on the employment of people returning from prison.

Congratulations to **Ashley Baber**, who has been awarded a *Pre-Doctoral Teaching Fellowship* through Loyola's Graduate School for the next academic year, 2019-2020. In addition to teaching, Ashley has served our department as an advisor to the undergraduate Sociology Club and as a co-organizer of our Brown Bag series, and we're delighted to see her good work recognized.

In February, for the second time, we held a *Three Minute Thesis Competition* in the department, and sent **Julia Mendes** to represent us at the university-wide event, where she won third place.

The *Brown Bag Series*, on Wednesdays from 11:00-12:00 in Coffey 425, has been informative and well attended. There are two more sessions scheduled for April, and then they will resume in the fall at a new day and time. Many thanks to the organizers, **Dr. Dana Garbarski, Ashley Baber, and Steven Tuttle**, for making this happen!

Springtime brings an abundance of conferences and events, both local and regional. Ongoing events include CURL and MUAPP seminars, as well as one-time events such as the Sociology Student Symposium, the Midwest Sociological Society meeting, the Sociology Reception and, of course, graduation. Below is more information and a few key dates.

Current students **Júlia Mendes** and **Melissa Kinsella**, as well as alumnus **Dana LaVergne** are all presenting at the

21st Annual Chicago Ethnography Conference, held at Northwestern University in March this year. Alumnus **Erica Ramos** served on the organizing committee. Members of our department, including **Ryan Wong**, will be presenting at Loyola's *Graduate School Interdisciplinary Research Symposium*.

Loyola will be well-represented at the annual meeting of the *Midwest Sociological Society*, held this year in Chicago on April 17-20. By my count, we have eight alumni, five current students and five faculty members participating in the program. Even if you are not presenting, take advantage of the convenient location to meet and learn from other sociologists. The book, *Color Blind Racism*, by our alumnus **Dr. Meghan Burke**, will be featured in an "author meets critics" session.

Dr. Meghan Burke will return to campus on March 28 to give the *3rd Annual Eleanor V. Fails Alumni Lecture*. Before the talk, we will be hosting a "meet and greet" for current and prospective graduate students, followed by dinner. On Friday, Dr. Burke will talk with graduate students over lunch about teaching at a liberal arts college. Activities related to Dr. Burke's visit include:

March 28

4:15 Meet and greet for prospective and current graduate students

5:30 Dinner with Dr. Burke for prospective and current graduate students

7:00 Fails Lecture

March 29

12:00 Lunch with Dr. Burke and discussion about teaching at a liberal arts college

Chris Lee Egan

Chris Lee Egan (MA-2012) is a senior software engineer at Google, working on Google Maps and other global projects.

At Google he spends a significant amount of time running and analyzing experiments, first for Google Search and now for Google Maps. He has also been doing advocacy for housing and housing affordability in the San Francisco Bay Area, both in helping to establish new advocacy orgs (such as East Bay Forward) and in working with local politicians and political campaigns on housing issues. Both his housing advocacy and professional work dovetail with the interests he had and developed at Loyola. He entered the program with a focus on urban sociology, which then got nurtured thanks in part

to having great access to CURL (particularly some brief time I spent with CURL's research on homelessness). He graduated with an additional interest in digital/new media, which Dr. Wright's mentorship helped to develop.

Chris looks back at his time in the Sociology MA program as a clear maturation in his ability to critique and reason. This maturation is thanks to the mentorship of Loyola's faculty (particularly Drs. Wittner, Langman & Wright), who taught what it meant to truly engage with subject matter--the difference between getting lost in the weeds versus thinking holistically and systematically. Professionally this systematic thinking has been invaluable in his work with data that is often ambiguous or unintuitive.

Laurie Cooper Stoll

On Friday, November 16, 2018 Sociology PhD Alumnus, [Laurie Cooper Stoll](#) spoke to a gathering of undergraduates and graduate students here at Loyola. Dr. Stoll is Associate Professor of Sociology and the Founding Director of The Institute of Social Justice at the University of Wisconsin-La Crosse.

Her lecture was titled *Making Sociology Public: Addressing Colorblind Racism in Schooling*. Dr. Stoll drew on her research in K-12 schools and professional development with educators as well as her experience as a publicly elected school board member to illustrate the complexities and contradictions of colorblindness in schools and illustrate some of the ways sociologists can move our work from the academy into the public sphere.

Dr. Stoll's new book, [Should Schools Be Colorblind?](#) is scheduled to be released in June 2019.

COLORBLIND RACISM FROM LEFT TO RIGHT

How can colorblindness – the idea that race does not matter – be racist?

This illuminating talk introduces the paradox of colorblind racism: how dismissing or downplaying the realities of race and racism can perpetuate inequality and violence. Meghan Burke reveals colorblind racism to be an insidious presence in many areas of institutional and everyday life in the United States and ways that it can be challenged.

Dr. Meghan Burke received her MA (2005) and PhD in Sociology (2009) from Loyola University Chicago. She is currently Associate Professor of Sociology and Chair of the Department of Sociology & Anthropology at Illinois Wesleyan University.
